Lumière Soft Panels modulsystem

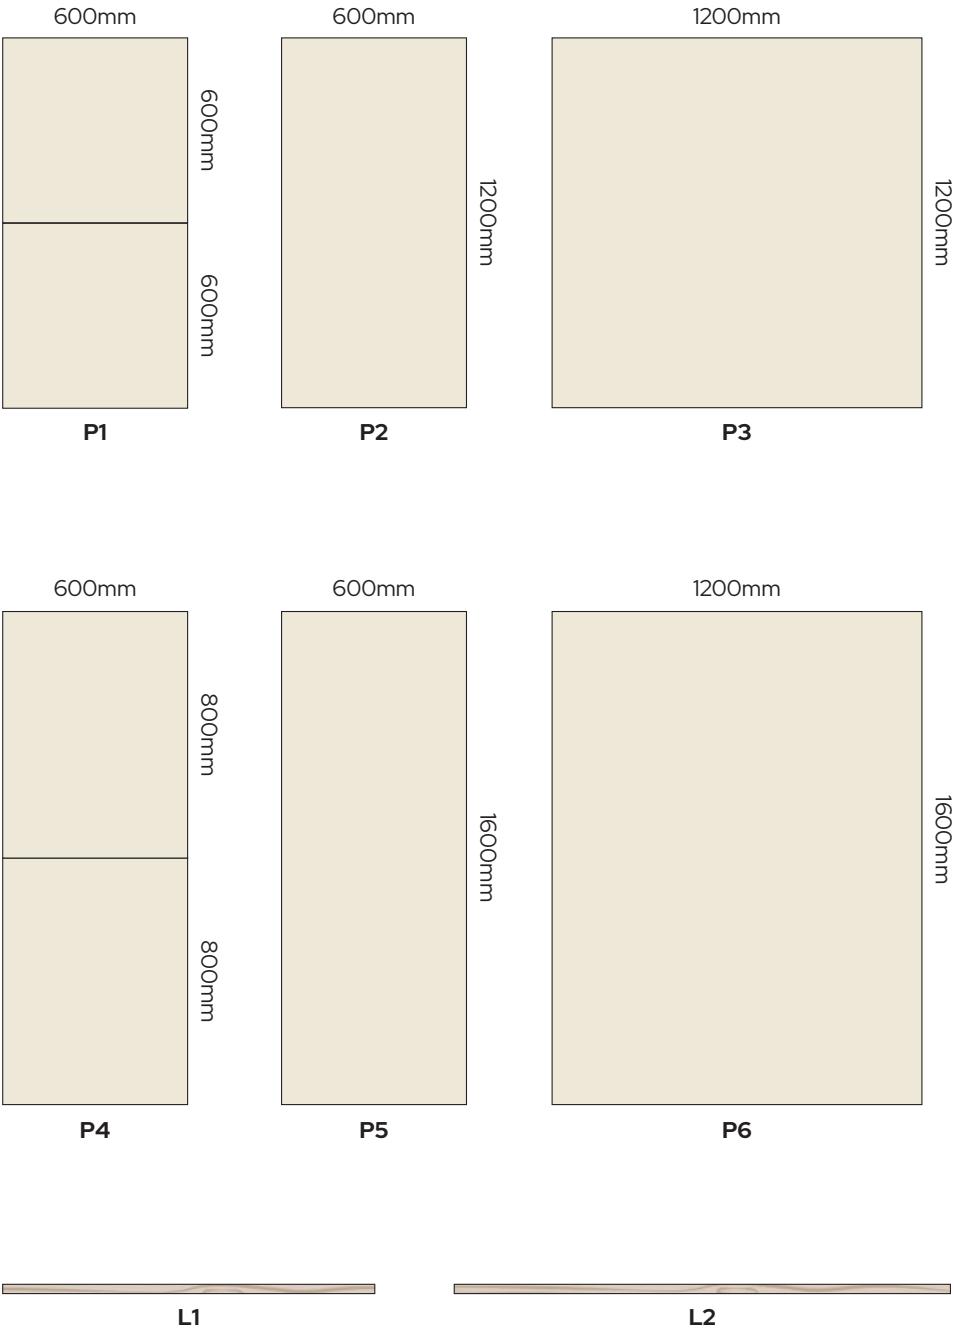

Foren design og funktionalitet

Lumi re Soft Panels er danskproducerede tekstilbekl ede akustikpaneler, som reducerer st j og rumklang. Panelerne muligg r exceptionelle designl sninger, der skaber b de  stetiske rum og optimale lydforhold. Med Lumi re Soft Panels modulsystem, g r vi det muligt, nemt og overskueligt at skabe kreative og  stetiske panelkombinationer, der kan indg  som et smukt og funktionelt element i indretningen.

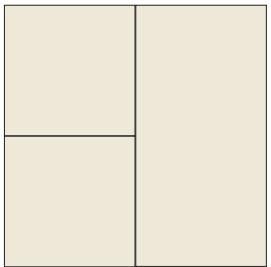

Modulsystem med et utal af designmuligheder

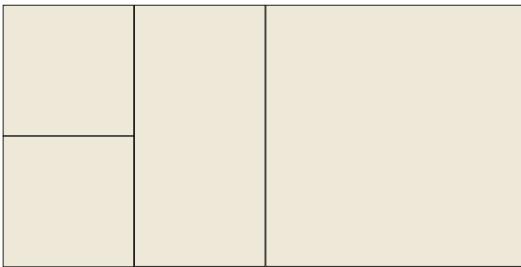

Lumi re Soft Panels modulsystem best r af 6 forskellige pakker med paneler i 6 forskellige tekstilfarver samt 2 listetyper i 2 tr esorter. Alle pakker kan kombineres efter  nske og giver muligheden for at mixe b de st rrelser og farver. P  den m de har du uanede muligheder for netop at skabe et design som passer perfekt ind i ethvert rum. Med Lumi re Soft Panels modulsystem, f r du alts  et  estetisk og dekorativt produkt til indretningen som samtidig er lydd m pende og derfor sikre god akustik.
